Project Report: Christmas Giving 2022

Field	Details
Project Title	Christmas Giving 2022
Reference	ADA/2022/007
Organization	Apoti Development Association (ADA)
Date	December 20–25, 2022
Location	Buea, South-West Region, Cameroon
Status	Completed

1. Executive Summary

ADA's first annual Christmas Giving campaign was successfully conducted in Buea from December 20–25, 2022. The project provided material support and spiritual encouragement to 30 vulnerable families including widows, orphans, and vulnerable households. A team of 8 volunteers organized a Christmas celebration with worship and distributed food packages and supplies to all beneficiary families. The project came in under budget at 350,000 CFA ($583 USD) due to food items donated by church members.

2. Activities Conducted

2.1 Christmas Celebration

A worship gathering was held featuring singing and prayer. Beneficiary families came together for a festive celebration combining spiritual encouragement with community fellowship. Volunteers wore Santa hats and ADA branded shirts to create a joyful atmosphere.

2.2 Food Distribution

Each of the 30 families received:

- 1 × 5kg bag of rice (Riz Bijou brand)
- Portioned cooking oil (from 15L shared bottles)
- Portioned dried fish (from bulk purchase)
- Woven bags containing additional food items

2.3 Supply Distribution

Each family received an orange bucket filled with household supplies.

2.4 Children's Gifts

Children from beneficiary families received Christmas gifts and treats during the celebration event.

3. Beneficiaries Reached

Category	Number
Families served	30

Elderly widows (in traditional headwraps)	Included
Children receiving gifts	Included
Volunteers deployed	8

4. Outcomes Achieved

Expected Outcome	Status
30 families receive food/supply packages	✅ Achieved
Rice distributed to all families	✅ Achieved
Cooking oil and dried fish provided	✅ Achieved
Worship celebration held	✅ Achieved
Children receive gifts/treats	✅ Achieved
First annual Christmas campaign established	✅ Achieved

5. Budget Performance

- **Budgeted:** 360,000 CFA ($600 USD)
- **Actual Spend:** 350,000 CFA ($583 USD)
- **Variance:** -10,000 CFA ($17 USD under budget)
- **Reason:** Some food items were donated by church members

6. Challenges and Lessons Learned

Challenges

- First-time execution required establishing all processes from scratch
- Coordinating logistics for 30 families with limited prior data

Lessons Learned

- Combining worship with material distribution creates meaningful community connection
- Smaller rice portions (5kg vs 25kg) allowed reaching more families within budget
- Orange buckets serve dual purpose as container and household item
- Church member donations can supplement budget — build partnerships early
- Santa hats and branded shirts create festive, recognizable team identity

7. Sustainability and Future Plans

This campaign established ADA's annual Christmas giving tradition. Key elements to carry forward:

- Combined spiritual and material support model
- Volunteer team with branded identification
- Community gathering format before distribution
- Partnership with church members for supplementary donations

8. Conclusion

Christmas Giving 2022 successfully achieved all objectives, serving 30 vulnerable families with food packages, supplies, and spiritual encouragement. The project established a replicable model for future annual campaigns and demonstrated ADA's capacity to mobilize volunteers and resources for community impact.
