1. Background

The Apoti Development Association (ADA) has historically focused its mentorship and empowerment programs on girls, young women, and widows. Recognizing that orphaned and vulnerable boys in the community also lack access to positive male role models, life skills training, and spiritual guidance, ADA initiated its first dedicated youth mentorship program for boys and male adolescents.

This program was developed in partnership with Full Gospel Mission Church, Buea, whose 2025 mission theme — "Working Together in the Power of the Holy Spirit in Our Communities" — aligns with ADA's values of love, respect, and service.
