As ADA's inaugural project with a small budget, the following limitations are noted:

- All transactions were cash-based (no bank account established at this stage)
- Some market purchases (e.g., water sachets) did not have formal receipts; handwritten notes were recorded instead
- No external audit was conducted due to the small project size

6.3 Improvements for Future Projects

- Open dedicated ADA bank account for fund management
- Implement dual-signatory requirements for all disbursements
- Photograph all receipts for digital backup
- Engage independent reviewer for projects exceeding 500,000 CFA
