

ADA Governance Overview

Organization: Apoti Development Association (ADA)
Registration: N° 415/G.37/D14/VolI/SAAJP
Last updated: May 2026

Governance structure

ADA is led by volunteer executive leadership with program delivery coordinated through Cameroon-based team members and local volunteers.

Public reports identify:

- Founder and President: Lionel Tchami Nfada
- Country Director: Naomi Ndababonga
- Regional Coordinator NW: Corrine Mbekenyui
- Board oversight: 12-member board referenced in the 2024 annual report

Public leadership roles

Role	Public responsibility
Founder and President	Mission leadership, sponsor relationships, strategic direction, and accountability for public commitments.
Country Director	Cameroon-based delivery coordination, beneficiary follow-up, and partner communication.
Regional Coordinator NW	Regional planning, community coordination, and field-level reporting support.
12-member Board of Directors	Oversight of organizational direction, budgets, policies, and significant restricted gifts.

Oversight practices

ADA’s public governance approach includes:

- Board oversight of organizational direction and annual budgets
- Defined program roles for project planning and delivery
- Local coordination through community leaders, schools, clinics, churches, and partner sites where appropriate
- Public annual reports and project records

- Sponsor reporting matched to sponsorship size and agreement

Conflict-of-interest and gift integrity

Board, team, and volunteer participants are expected to disclose personal, family, business, or financial interests that could affect procurement, beneficiary selection, or program decisions.

Restricted gifts are reviewed before payment. Program leadership confirms purpose, feasibility, reporting expectations, and recognition terms. Board-level oversight is used for larger, unusual, or higher-risk restrictions before funds are committed.

ADA may decline, pause, return, or request more information about a gift if the source, purpose, restrictions, sponsor identity, or payment path cannot be responsibly verified.

Sponsor review path

Sponsors may request additional governance information, project references, or leadership calls through the sponsor inquiry form.

Published by ADA for sponsor and donor review.
