FIELD	DETAILS
Project Title	First Widow Home Visits
Project Reference	ADA/2021/001
Period	November 2021
Financial status	Owner-recalled amounts; not independently reconciled

Retrospective review copy (November 2026): Amounts below reflect owner recollection and arithmetic, not an independently reconciled ledger.

Owner-recalled figures

The owner recalls that 120,000 CFA francs was sent for the project. The owner recalls that about 110,000 CFA francs was spent in total, including approximately 10,000 CFA francs in withdrawal costs. The owner estimates the sent amount at approximately US$209, using the November 2021 monthly average exchange rate.

The approximately 10,000 CFA difference is arithmetic only. It is **not a verified cash balance**, and this note does not establish an approved budget, exact expenditure, transaction-level exchange rate, or return of funds.

Reconciliation status

Earlier published line-item amounts, exact USD conversions, savings explanations, custody and receipt assertions, and balance claims have been removed pending verification. No independently supported receipt ledger or transaction-level allocation is included here.

This PDF was rendered from the markdown source in `public/docs/projects/first-widow-home-visits-2021` using the same public generation pipeline that updates the downloadable budget sheets.
