Project Report

Women's Day Widow Outreach

FIELD	DETAILS
Reference	ADA/2022/003
Project Title	Women's Day Widow Outreach
Period	March 2022 (owner recollection)
Project focus	Women's Day outreach to widows
Financial status	Owner-recalled amounts; not independently reconciled

Retrospective review copy (November 2026): This draft reflects the owner’s recollection of the project focus and approximate funding flow. It is not an independently verified completion or expenditure record.

Summary

The owner identifies this project as a Women's Day widow outreach in March 2022. The owner recalls that the supply list included buckets, African fabric wrappers, soap, oil, foodstuffs, and bags.

The owner recalls about **220,000 CFA francs sent**, about **5,000 CFA francs** in withdrawal costs, and about **10,000 CFA francs** for transportation. On that recollection, approximately **205,000 CFA francs** remained for supplies. These figures are estimates, not a reconciled account of actual expenditure.

Record limitations

This revised report does not state an exact event date or location, number of participants or beneficiaries, quantities, per-item costs, cash assistance, verified receipts, outcomes, or remaining funds. The earlier detailed budget and delivery assertions have been removed because the current owner clarification does not substantiate them. This document should not be treated as an audited project report.

This PDF was rendered from the markdown source in `public/docs/projects/widow-support-food-cash-mar-2022` using the same public generation pipeline that updates the downloadable budget sheets.
