Archive vs. public target

Within cap: 3
Adjusted: 6
Evidence-qualified / review: 14

The chart counts all 23 rows by status: within cap, adjusted, or evidence-qualified/under review. It does not represent total spending. Aggregate totals are omitted because source rows mix approved budgets and reported actuals.

Evidence-qualified accounts and projects under review

YEAR	PROJECT	REFERENCE	EVIDENCE BASIS
2021	First Widow Home Visits	ADA/2021/001	Owner recalls about 110,000 CFA spent, including withdrawal costs; no reconciled budget or actual is available. The approximate difference is not a verified balance.
2022	School supplies and encouragement	ADA/2022/001	215,000 XAF sent, confirmed in our account but not transfer-verified. Withdrawal recalled about 5,000 and transport 10,000–15,000. The detailed schedule uses 15,000 transport and fully allocates funding by construction. Exact total spending and closing balance are not established.
2022	Widows' home outreach	ADA/2022/003	Funding recalled about 220,000 XAF, withdrawal 5,000 and transport about 10,000. Goods allocation 205,000 is reconstructed. Exact spending and closing balance are not established.
2022	School visit in Buea	ADA/2022/004	Earlier source budget 180,000 XAF. Reconstructed cash categories 165,000 plus in-kind refreshments valued at 15,000. Neither 180,000 nor 165,000 establishes a cash transfer or actual expenditure; 15,000 is not a cash balance. The earlier account attributes the in-kind refreshments to the school; attribution and value are not independently verified.
2022	Practical baking skills for displaced girls	ADA/2022/005	400,000 XAF reported sent. Original planned amounts sum to 342,750, not actual expenditure. Participant support 75,000 (15 × 5,000) confirmed in our account. Flour, salt and sticker quantities/rates conflict; fish pricing unclear and actual trainer payment unconfirmed. Difference 57,250 is funding less plan, not a confirmed balance.
2022	Back to school in Buea	ADA/2022/006	220,000 XAF sent; 205,000 reported spending including operating costs; 15,000 historical balance remaining in our accounts. Category split organization-confirmed but not receipt-verified. The historical balance is not today's mobile-money balance.
2022	Christmas giving in Buea	ADA/2022/007	Reported project account 360,000 XAF: goods 330,000, transport 20,000, withdrawal 10,000. Goods categories reconstructed, not verified historical prices. Zero arithmetic difference is not a bank or mobile-money balance.

2023	Youth Day snacks for children	—	We sent 50,000 FCFA for this activity. Our account reports that the full amount was used, including approximately 5,000 FCFA in withdrawal fees, with no project balance remaining. Item prices have not been established. These are reported figures, not independently verified expenditure.
2023	Mountain Race preparation outreach	—	We sent 50,000 FCFA for this separate February activity. Our account reports that the full amount was used, including approximately 5,000 FCFA in withdrawal fees, with no project balance remaining. Item prices have not been established. These are reported figures, not independently verified expenditure.
2023	Widows' gathering in Buea	—	The project budget was 250,000 FCFA. Our account reports 245,000 FCFA spent and 5,000 FCFA remaining in the nonprofit account at the time. Detailed category prices remain under review. These historical reported amounts are not independently verified expenditure or today's account balance.
2023	Community cleanup in Buea	—	Funding of 100,000 FCFA is confirmed. The itemized sheet totals 94,400 FCFA plus 1,500 FCFA in fees, or 95,900 FCFA. An earlier account described 95,000 FCFA spent and 5,000 FCFA for other needs. These accounts have not yet been reconciled; no final expenditure or remaining balance is asserted here.
2023	Back-to-school supplies in Buea	—	The budget was 240,000 FCFA. We reported sending and using 230,000 FCFA for school supplies. The 10,000 FCFA difference between the budget and the amount sent is not a confirmed account balance. Item-level costs remain under review; no tuition, uniform, enrollment or exam-result claim is made.
2023	International Day of the Girl program	—	The reported total is 150,000 FCFA: 145,000 FCFA for supplies and 5,000 FCFA in withdrawal fees. Detailed item prices remain under review. These are reported amounts, not independently verified expenditure.
2023	Christmas giving at House of Peace	—	The reported total is 260,000 FCFA: 240,000 FCFA for goods and 20,000 FCFA for operating costs. The operating-cost split and individual item prices have not been established. These are reported amounts, not independently verified expenditure.
